

WE TREAT YOUR FAMILY ... LIKE FAMILY

Welcome to the Maternal and Newborn Services Department at **Newton Memorial Hospital**, where you and your baby are in expert hands.

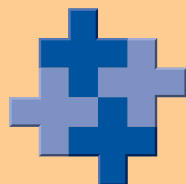

Our board-certified obstetricians, nurses, midwives, and staff are dedicated to providing you with compassionate and personalized care to ensure the safe and healthy delivery of your baby. From your initial tour and consultation to when you are ready to take home your newborn, we're here to help you and your growing family prepare for the birthing and parenting process. Our recently renovated Maternity Unit features beautifully decorated private rooms with scenic views and a comfortable Maternity Center lounge for your visitors, creating an unforgettable experience. And should need arise, our Maternity Unit is also home to a technologically advanced Immediate Care Nursery staffed with Newton Memorial Hospital's Pediatric Associates. These physicians are on-site 24 hours a day to care for your baby.

To schedule a tour of our Maternity Center and/or to register for Parenting Classes, please call us at 973.579.8340

Thank you for letting us care for you and your family,
and supporting the miracle of life...*All Life Long*
